Now the Provider Agent (The person sending on behalf of the Provider) can sign in as themselves and choose the link On Behalf.

The screenshot shows the Digital Rx Rx Pad interface in a Windows Internet Explorer browser. The URL is <https://www.h2hdigitalrx.com/drx/npad/newrx.do?function=initialize&patientId=8a80801e2cc432fd012ce67e1ccb6953&prescriptionMode=newrx&hostId=8a>. The page title is "New Prescription". The interface includes a navigation bar with tabs: PATIENT SEARCH, Rx REFILLS, BENEFIT INQUIRY, REPORTS, and a sidebar with links: Patient Registration, Saved Prescriptions, Cancel Prescriptions, Patient Profile, and Prescription Report. The main content area displays patient information for Jay Ravindran, Select Ivan Posthumus. A red box highlights the "On Behalf" link. Below this, there are fields for Patient ID (8a80801e), Gender (MALE), Date of Birth (05/09/1954), Age (57), and Check (Pharmacy Benefit). The "New Prescription" section includes fields for Rx No., Drug Search*, Delivery, Dose, Units, Freq, Time, use free text, SIG*, Qualifier*, Quantity*, Refill, Substitutions*, and Substitution Allowed. There are also buttons for "Next Prescription >>", "Confirm Prescription(s)", and "Reset".

A pop up window will appear and you will be prompted to choose the Provider you are prescribing on behalf of.

The screenshot shows a "Physician List" pop-up window. The window has a title bar with "Physician List" and a "Close" button. The list contains one entry, "Ivan Posthumus", which is highlighted with a red arrow. The list is empty below the selected entry.

The screen will now display the physician's name on whose behalf the user is working. Continue with the prescribing process and the confirm page will have the options to 'Send to pharmacy', 'Print' etc. enabled for the user.
